A LOOK BACK

Week of March 20, 2017

♦ **Big SHOUT OUT to:**

- Ms. Genise Hughes for continuously exposing APHS students to experiences and people who inspire and motivate them to reach higher heights. You are a game changer.
- The APHS coaching staff. (Terri Ann Sullivan, Nancy Estrada, Larrick Daniels, and Sabrina Grasso) You create instructional prompts, data presentations, testing rosters, and math support, under the guides of the extraordinary Angela Thomas. Your work speaks for itself and is the driving force of the “instructional awakening” that is taking place at APHS. On behalf of our students, I thank you.
- Ms. Herrera and *The Spot* for a very successful “Zumbathon,” where you raised \$200 for breast cancer research and \$200 for the senior class. Awesome job!

♦ **A Big PARCC Madness Hooray to:**

- Ms. Schwarz for completing a substantial amount of Do Nows in her ONE period at the high school....and for doing it in Music classes to boot! Teamwork makes the dream work!
- Mrs. Brightman for contributing her tallies for PARCC Madness even though she doesn't even have students taking the PARCC! Awesome!
- The APHS staff members who were the "sole" contributors in their departments. Without you, some departments would not have been on the board! You know who you are. ;-)
- And finally.....a BIG PMH to the Math Department for hitting it out the park Week 1! Congratulations! #disruptingthestatusquo #hardhatnation #retoolrebuildrestore

FAILURE IS NOT AN OPTION!!!
