Rachel Chianese, District Service Representative  
RChianese@Edustaff.org; 877-974-6338 ext. 1334

Edustaff is excited to partner with Asbury Park School District to provide substitute teachers and paraprofessionals for the district's schools.

This transition will help the Asbury Park School District develop a larger pool of substitutes to better serve the needs of their students and schools.

This partnership will assist the district in many ways, by:

- Increasing the pool of available substitutes
- Reducing classroom vacancies and improving fill rates
- Providing effective training for substitutes entering the classroom
- Enhancing substitute recruiting through effective marketing and advertising
- Providing administrative relief for school and district staff

On average, our substitute service is cost neutral for our partnering school districts.

Edustaff is looking for passionate subs who enjoy working with youth and want to give back to their community. Anyone interested in becoming a substitute in Asbury Park School District can apply online at [Edustaff.org](http://Edustaff.org).

We are looking forward to a positive partnership with Asbury Park School District and a great school year.

For more information regarding Edustaff and our services, please visit [Edustaff.org](http://Edustaff.org) or give us a call at 877-974-6338.
